LANGUAGES

English – B1, fluent in ukrainian and russian.

Full Stack Developer passionate about solving real-world problems through technology. Combine strong frontend and backend skills with a focus on building scalable, high-quality solutions. Eager to grow and contribute to impactful projects.

EXPERIENCE

07.2022 - 12.2023

IBTMG | FRONTEND DEVELOPER

- Refactored and optimized the entire frontend, significantly improving code quality, performance, and maintainability.
- Fully implemented and fine-tuned SEO, boosting organic traffic and search engine visibility.
- Mentored and trained junior developers, building a stronger, more self-sufficient team.
- Designed reusable, scalable UI components, reducing development time for future features.

06.2024 - Nowadays

PALMO | FULL STACK DEVELOPER

- Collaborated directly with clients and cross-functional teams to gather detailed requirements and translate them into scalable technical solutions.
- Implemented reusable modules, cutting development time for similar tasks by up to 40%.
- Successfully delivered complex full-stack features under tight deadlines for diverse clients, ensuring smooth handover and long-term maintainability.
- Developed and deployed server-side automation scripts to optimize resource usage and improve client system efficiency.
- Integrated third-party APIs and optimized data flow, reducing response times by up to 30% and improving application performance.

EDUCATION

09.2020 – 07.2024

Donbass State Engineering Academy

Bachelor of Computer Science.

09.2024 – 12.2025

Kharkiv National University of Radio Electronics

Master of Computer Science.
